Honoring Students and Teachers

A change in perspective in our society is needed to improve schools. When students are valued for what they bring to the classroom and when teachers are supported and respected, schools will experience much more success.
Culturally Responsive Teachers

• Culturally Responsive Teaching requires teachers to create a learning environment where students are welcomed, supported, and provided with the best opportunities to learn.

• Culturally responsive teaching starts with learning what students know.

• Teachers then strive to understand how students build knowledge.

• Culturally responsive teachers demonstrate a sociocultural consciousness that allows them to appreciate the factors beyond schools that impact students’ educational achievement.

• Culturally responsive teachers are knowledgeable about the lives of students.
Effective Teachers

- Committed to students and their learning
- Know the subjects they teach and how to teach those subjects to students
- Responsible for managing and monitoring student learning
- Think systematically about their practice and learn from experience
- Members of learning communities

The National Board for Professional Teaching Standards (2022)

Once I’m here, what kinds of support can I expect?

• Faculty advisor will guide your progression through the program.
• Placement coordinator will arrange your student teaching in partner schools and grade levels based on your needs.
• You will work with your cooperating teachers and university supervisors to enhance your teaching skills.
• Cohort model creates a support system among colleagues that lasts long beyond the program.
When will my classes meet?

• 3 semester program classes generally meet in late afternoon/evening (daytime cohort offered if there is sufficient interest)

• 1 year summer start program classes generally meet in mid afternoon to late afternoon
Field Experience (Student Teaching)

• **3 semester**: 12 hours/week semesters 1 and 2;
  Full time teaching - 4 days/week semester 3

• **One year**: 15 hours/week fall semester 1;
  Full time teaching - 4 days/week for 16 weeks Spring semester
Preliminary Multiple Subject Teaching Credential

• **Engaging and Supporting All Students in Learning**

  Includes connecting subject matter to real-life contexts and providing active learning experiences to engage student interest, support student motivation, and allow students to extend their learning.

• **Creating and Maintaining Effective Environments for Student Learning**

  Includes creating learning environments (i.e., traditional, blended, and online) that promote productive student learning, encourage positive interactions among students, reflect diversity and multiple perspectives, and are culturally responsive.
Preliminary Multiple Subject Teaching Credential

• **Understanding and Organizing Subject Matter for Student Learning**

Includes using knowledge about students and learning goals to organize the curriculum to facilitate student understanding of subject matter and make accommodations and/or modifications as needed to promote student access to the curriculum.

• **Planning Instruction and Designing Learning Experiences for All Students**

Includes planning, designing, implementing and monitoring instruction, making effective use of instructional time to maximize learning opportunities and provide access to the curriculum for all students by removing barriers and providing access through various instructional strategies.
Preliminary Multiple Subject Teaching Credential

• **Assessing Student Learning**
  Includes collecting and analyzing assessment data from multiple measures and sources to plan and modify instruction and document students' learning over time.

• **Developing as a Professional Educator**
  Includes reflecting on own teaching practice and level of subject matter and pedagogical knowledge to plan and implement instruction that can improve student learning.

Other Possible Questions
Can I get a bilingual certification?

• The SFSU Department of Elementary Education offers bilingual authorization for students who are fluent in Spanish, Cantonese, or Mandarin

• Program is 3 semesters long and requires 1-2 additional classes + cohorted methods classes with faculty who specialize in bilingual education

• There is HIGH DEMAND for bilingual certified teachers!

• **TO APPLY:**
  • Apply to MSC Credential or MA+ Credential for Fall (apply for summer if you anticipate being a teacher of record)
  • Check a **bilingual authorization choice** in Area of Interest
  • You will be interviewed by a bilingual faculty member as an initial language assessment.
  • International students MUST apply as MA+ Credential (fall only)

Credential + MA degree Program

International Applicants - You must apply for this program
Can I get an MA Degree?

YES!
The MA in Curriculum and Instruction requires 18 additional units (6 classes, including field study)

There are two ways to get a Masters’ Degree along with your MSC Credential:

Option 1: Concurrent Enrollment
For Credential + MA program applicants only.
• Must meet all pre-conditions + GPA > 3.0;
• complete both within 2 years (requires summer classes)

Option 2: Sequential
• After completion of credential requirements,
• 3 part-time semesters (can include summer) or 1 full + 1 part time semester (no summer)
*can work full time during MA portion
Can I be a full-time teacher while I get my credential?

• Hiring decisions are done by school districts, not universities; we can support but we don’t initiate the process.

• If a district offers you a teaching position prior to the start of your program or prior to your meeting all pre-requisites (ex/CSET), they will hire you as a long-term sub or on an emergency credential. Let us know ASAP and we will arrange for supervision and support in lieu of student teaching.

• After completing 120 hours of credential coursework + all preconditions, you can qualify for intern credential status. The district wanting to hire you or change your status will contact the Dept. of Elementary Ed. and we will then coordinate with them and walk you through the process.
Application Information for Teachers of Record

• Can apply to credential program for any semester, but applying for summer start provides best employment situation.
• Our admissions decision is not dependent on a district’s hiring decision.
• We are here to support future teachers! Let us know your situation and we will do our best to support your pathway.
PK3 ECE Specialist Instruction Credential at SF State

Will accept applications from Spring 2024

Admission information will be announced in November 2023
Introduction to the PK-3 ECE Specialist Instruction Credential

The PK-3 Early Childhood Education (ECE) Specialist Instruction Credential focuses on developmentally appropriate practices for young children in grades PK through 3. PK-3 teachers are expected to design, implement, and facilitate learning activities throughout this grade span which engage students according to their developmental levels. Classroom learning activities need to take into consideration and value each child's cognitive, social, emotional, linguistic, and cultural experiences, and other relevant background characteristics, assets and abilities as well as any area(s) of special needs. Developmentally appropriate practices foster young children's joyful learning and help maximize the opportunities for all children to achieve their full potential.

This credential recognizes and values the rich background and extensive experience candidates who come from current and/or prior work in the ECE field bring to their preparation programs. Taken together, these prior work experiences, knowledge and wisdom can provide foundational preparation in child development and early childhood education to support candidates' transition from the Child Development Permit system to earning the PK-3 ECE Specialist Instruction Credential and serving as a teacher in a PK-3 ECE classroom setting.

PK-3 ECE Specialist Instruction Credential Handbook - includes the Authorization Statement, Program Standards, and Teaching Performance Expectations (TPEs)

PK-3 ECE Specialist Instruction Credential Survey Questions FAQs – includes a Q and A document that was developed to respond to the questions received at our PK-3 ECE Specialist Instruction Credential Informational Webinar Session held on December 2, 2022.

Financial Aid

Before each upcoming academic year, U.S. citizens and eligible non-citizens apply for financial aid (grants, work-study, and loans) with the Free Application for Federal Student Aid (FAFSA). After submission, FAFSA applicants receive a Student Aid Report (SAR), which is used to determine their eligibility for financial aid.

Dreamers and other undocumented students who are eligible for AB 540/ AB 2000/ SB68 will file the California Dream Act Application. To determine if you are eligible to apply for financial aid under the California Dream Act, see the Office of Financial Aid’s AB540 site, which offers step-by-step application instructions.

Financial aid applicants must file a FAFSA or California Dream Act Application – as soon as possible after their Oct. 1 release, and no later than March 2 – in order to be considered for the maximum available grant funding.

California residents may be offered a State University Grant (SUG) as part of the financial aid offer. The SUG is specifically designated to pay a portion of students' basic tuition and fees. See the Office of Financial Aid’s explanation of State University Grants.

To prepare to apply for financial aid:

- Students who are eligible for AB 540/ AB 2000/ SB68 will want to visit the Office of Financial Aid’s page on How to Apply for Financial Aid under the California Dream Act.

These resources may be helpful in developing an understanding of how to pay for your graduate education, and a plan for doing so:

- Federal Student Aid – Graduate School Preparation Checklist
- Go Grad’s Guide to Awards, Loans, Reimbursements and Alternative Methods to Fund an Advanced Degree focuses on online degrees, but it offers a useful chart of the kinds of aid for which graduate students may be eligible to apply.

You’ll have special teaching service requirements if you accept a TEACH Grant, so make sure you understand your obligation.

TEACH Grant Eligibility

A Teacher Education Assistance for College and Higher Education (TEACH) Grant is different from other federal student grants because it requires you agree to complete a teaching service obligation as a condition for receiving the grant, and if you don’t complete the service obligation, the TEACH Grant will be converted to a loan that you must repay, with interest.

Learn how the automatic federal budget cuts, known as the “sequester,” will affect the TEACH Grant Program.

TEACH Grant Eligibility

To be eligible for a TEACH Grant, you must do the following:

• Meet the basic eligibility criteria for the federal student aid programs.

• Complete the Free Application for Federal Student Aid (FAFSA®) form.

• Be enrolled as an undergraduate, postbaccalaureate, or graduate student at a school that participates in the TEACH Grant Program.

• Be enrolled in a TEACH-Grant-eligible program.

• Meet certain academic achievement requirements (generally, scoring above the 75th percentile on one or more portions of a college admissions test or maintaining a cumulative GPA of at least 3.25). For specific information about the
Teaching Credential

The Graduate College of Education at SFSU offers a variety of credential and degree options for students. The following information is geared toward helping you better understand the financial support available to you in these programs. Financial assistance is different for Credential students as opposed to Master's degree students. Credential students are considered 5th year undergraduate students for financial aid purposes. Students dually enrolled in the credential and Master's programs are considered graduate students.

Please carefully read the information below to ensure that your FAFSA application is completed appropriately.

How to fill out the FAFSA* as a Credential Student:

When completing the 2022-23 Free Application for Federal Student Aid (FAFSA), credential students must provide the following answers:

1. Question #29: What will your college grade level be when you begin the 2022-23 school year?
   Answer: 5th year/other undergraduate

2. Question #30: What degree or certificate will you be working on when you begin the 2022-23 school year?
   Answer: Teaching credential (non-degree program)

3. Question #47: At the beginning of the 2022-23 school year, will you be working on a master's or doctorate program?
   Answer: No
